The **Delete Browsing History** dialog will display.

Delete Browsing History
Preserve Favorites website data Keep cookies and temporary Internet files that enable your favorite websites to retain preferences and display faster.
Temporary Internet files Copies of webpages, images, and media that are saved for faster viewing.
Cookies Files stored on your computer by websites to save preferences such as login information.
History List of websites you have visited.
Download History List of files you have downloaded.
Form data Saved information that you have typed into forms.
Passwords Saved passwords that are automatically filled in when you sign in to a website you've previously visited.
ActiveX Filtering and Tracking Protection data A list of websites excluded from filtering, and data used by Tracking Protection to detect where websites might be automatically sharing details about your visit.
About deleting browsing history Delete Cancel

Check the boxes shown above then click **Delete**.

Once that completes you'll return to the **Internet Options** dialog. Click **OK** to exit the dialog. Then **reboot** your computer.
