To Clear Browsing History in Mozilla Firefox

Open Firefox

Click on the down-arrow beside the Firefox menu in the upper left corner of the browser page. Click on the **Options -> Options** menu item.

The Options dialog will display. Click on **Advanced** at the top of the dialog, then the **Network** tab beneath it.

Options	X
	ţŎ;

Your web content cache is currently using 1.0 GB of disk space	ar Now
<u>Override automatic cache management</u>	
Limit cache to 1024 🖉 MB of space	
Offline Web Content and User Data	
Veneral intine and over Data	- New
Your application cache is currently using 0 bytes of disk space	
✓ <u>T</u> ell me when a website asks to store data for offline use	nions
The following websites are allowed to store data for offline use:	
	E
Ren	nove
OK Cancel	Help

Click the **Clear Now** button in the **Cached Web Content** area. If you are using more than **0 bytes of disk space** in the **Offline Web Content and User Data** area click the **Clear Now** button there as well. Click **OK** to exit the dialog. Exit from Firefox, reboot your computer, then restart Firefox to see if this has resolved your problem.
